

PVC floor tile, black, standard, smooth, 4 pieces, 500 x 500 x 7 mm

Ecotile's interlocking industrial tiles are suitable as floor tiles for commercial, domestic and light industrial applications to reduce dust and noise. The application should take place on hard surfaces. The floor tiles consist of an injection-moulded composite material that is ecologically sustainable.

Important: Please note the installation instructions for ecotile floor tiles. These instructions are available under "Documents" > "Download technical data sheet".

- is laid loose and has an open dovetail connection for quick installation
- no pre-treatment of the substrate necessary
- Heavy duty flooring - can withstand high point loads, impacts and vibrations
- suitable for heavy pedestrian and vehicle traffic and fork-lift trucks
- 100% recyclable PVC
- injection-moulded
- chemical resistance
- good thermal and acoustic insulation

item number	WL41874
model	ecotile Flooring
manufacturer	ECOTILE
manufacturer item number	E500/7/101
length	500 mm
width	500 mm

Products for the electronic industry

height	7 mm
order unit	1 PU
content unit	4 piece
colour manufacturer	RAL9017
Colour	black
material	pvc
surface texture	hard
Strength	7 mm
properties lining	smooth
ESD safe	no
