PVC floor tile, T-Lock, gray, 500 x 500 x 10 mm, 4 pieces

Ecotile's interlocking industrial tiles are suitable as floor tiles for commercial, domestic and light industrial applications to reduce dust and noise. The application should take place on hard surfaces. The floor tiles consist of an injection-moulded composite material that is ecologically sustainable.

Important: Please note the installation instructions for ecotile floor tiles. These instructions are available under "Documents" > "Download technical data sheet".
• is laid loose and has an open dovetail connection for quick installation
• no pre-treatment of the substrate necessary
• Heavy duty flooring - can withstand high point loads, impacts and vibrations
• suitable for heavy pedestrian and vehicle traffic and fork-lift trucks
• 100% recyclable PVC
• injection-moulded
• chemical resistance
• good thermal and acoustic insulation

item number	WL41926
model	ecotile Flooring
manufacturer	ECOTILE
manufacturer item number	E500/10/221
GPSR manufacturer information	ecotile Flooring Sedgwick Road Unit 15 GB-LU4 9DT Luton www.ecotileflooring.com

Products for the electronic industry

length	500 mm
width	500 mm
height	10 mm
order unit	1 PU
content unit	4 piece
