

Punched cuts, plano, without print, 565 x 565 mm (internal dimensions), grade 6.87 E, CORSTAT

HANS KOLB's CORSTAT die-cut blanks in plano design offer a reliable and safe packaging solution for sensitive electronic components. With internal dimensions of 565 x 565 mm, they are ideal for individual further processing and custom-fit packaging solutions in warehousing and shipping.

Made from grade 6.87 E material, the blanks are characterized by their robust structure and electrostatically dissipative properties. This effectively protects sensitive electronics from damage caused by electrostatic discharge - a decisive advantage in the professional handling of sensitive components.

The flat design allows for flexible use and easy storage, while the absence of printing ensures a neutral appearance for a wide range of applications. Ideal for industry, electronics production and shipping when reliable ESD protection and individual

adaptability are required.

CORSTAT die-cut blanks from HANS KOLB are the ideal choice for safe, flexible and professional packaging solutions in the ESD sector.

Item no.	WL42261
Model	Stanzzuschnitte, plano
Manufacturer	HANS KOLB
Manufacturer article no.	614178
GPSR manufacturer data	HANS KOLB Dr.-Lauter-Strasse 2 DE-87700 Memmingen www.kolb-wellpappe.com
Sales unit	1 piece
Content unit	1 piece
Inner length	565 mm
Inner width	565 mm
ESD compliant	no
