Kynar wire AW30, yellow, 1 roll = 500 m

The Kynar wire model 500-30Y from OK is a 500 m long roll of yellow Kynar material, which is particularly suitable for flexible wiring in electronic and electrical engineering applications. The wire impresses with its high resistance to chemicals and temperature stresses as well as its good insulating properties.

Thanks to the rolls, the wire can be cut to size as required and used flexibly, for example for prototyping, PCB wiring or industrial installations.

The Kynar wire provides users with a durable and reliable solution for precise wiring work in various technical environments.

Item no.	**WL42329**
Model	500-30Y

Manufacturer	OK
GPSR manufacturer data	OK Italy S.r.l. Strada Statale 11 28 IT-20010 Vittuone www.ok-italy.com/
Length	500000 mm
Sales unit	1 rolls
Content unit	1 rolls
Colour	yellow
ESD compliant	no
