

Stereo microscope head S9 E, without camera

Description

- S9 E for inspection and reworking
- Optimize workflows and routines
- The S9 E is indispensable for analog microscope inspections. It represents a cost-efficient microscope solution with a fast return on investment.
- Like all other S9 stereomicroscopes, it offers
- 12 mm depth of field and FusionOptics technology for natural optical imaging and fast results
- 6.1x-55x magnification and 9:1 zoom for quick changes from overview to detail
- 122 mm working distance for comfortable and ergonomic sample manipulation under the microscope
- Snap-in positions for reproducible zoom settings
- Apochromatically corrected optics for the reduction of color fringes

Product details

item number **WL43039**

manufacturer **LEICA**

Products for the electronic industry

model	LEICA S9E
dimensions (LxWxH)	255 mm x 181 mm x 371 mm
order unit	piece
voltage	100–240 V
lenticular	binocular
Viewing angle	35°
Zoom	9:1, apochromatisch
Product type	stereomicroscope
Working distance	122 mm
Version tripod	articulated arm
colour temperature	6500 °K
magnification	6.1x-55x
attachment	table edge clamp
ESD safe	no
