

Tripod LED2000 with integrated LED incident light

Anwendungsbeispiel
example of use

- suitable for microscopes of the S-series, M-series and the DMS-series
- Incident light illumination consists of a 4-point ring light and a further arc illumination for additional contrast
- compact design, easy transport
- has 4 pre-programmed illumination scenarios for incident light, which can be used to change the contrast, so that the correct setting is restored within a few seconds
- the built-in LEDs of the latest generation have a long service life of up to 25,000 hours

Item no.	WL44145
Model	LEICA LED2000
Manufacturer	LEICA
Manufacturer article no.	10450845
GPSR manufacturer data	LEICA Mikrosysteme
