

Guide kit for SFR-A, Ø 0,5 mm, 0,3 m, without solder wire perforation

The GSFR guide kit is intended for use with the SFR solder feeder in automatic soldering processes. The guide kit can be easily replaced if other solder wire diameters are used. Guide kits are also available with solder wire perforation and for other wire diameters. If the SFR is not attached to the robot soldering head, different guide lengths are available, see manual for detailed information.

- Without solder wire perforation
- compatible with solder wire diameters \varnothing 0.5 - 0.6 mm
- This guide set is suitable for the SFR solder wire feed and is easily exchangeable if different solder wire diameters are used.

item number	WL44380
model	GSFR05D03
manufacturer	JBC
manufacturer item number	GSFR05D03
length	300 mm

order unit	1 piece
content unit	1 piece
wire diameter	0.5 mm
ESD safe	yes

Other versions

item number	length	wire diameter
WL44380	300 mm	0.5 mm
