

Soldering station universal, digital 230 V with T245-A

Description

- Soldering tip extractor enables a quick and safe soldering tip change
- Compact station has a menu with more than 10 parameters for individual adjustment of the control unit

Product details

item number	WL45759
model line	Compact Line
manufacturer	JBC
manufacturer item number	CD-2BQE
model	CD-2BQE Kit
dimensions with packaging (LxWxH)	258 mm x 234 mm x 234 mm
scope of supply	1 CD-2E soldering station 1 T245-A Universal handle (soldering tip not included) Sponge S0354 instruction

Products for the electronic industry

Metal braiding CL6210
Cable 0009401

order unit	piece
product series	compact line
heat-up rating	130 W
voltage	230 V
temperature range °C	90–450 °C
station type	soldering station
included handpiece	T245
Tip to ground resistance	<2 ohms
ambient operating temperature	10–40 °C
connections	<ul style="list-style-type: none">• USB-B• Equipotential bonding - Optional connection to EPA
