

## soldering tip R245, "drag", 1.25 mm

### Description

- for automated processes
- for standard soldering applications
- Design incorporates a square cross-section that perfectly centers the soldering tip into the soldering irons and ensures precise vertical positioning
- this square cross section allows the soldering tip to be inserted in 4 different positions, which can be changed in 90° steps

### Product details

item number	WL45903
manufacturer	JBC
manufacturer item number	R245013
model	R245-013
order unit	piece
product series	R245
Tip series	R245
tip application	• für Pin
tip shape	special form
