

Adjustable stand for preheater PHSE and hot air station JTSE / TESE, 270 x 410 mm

Discover the versatile adjustable bracket for PHSE underheater and JTSE / TESE hot air station, 270 x 410 mm, available at Weidinger.eu. This bracket is specially designed for integration with PHS and PHSE underheaters. It offers various joints that allow precise height and working position adjustment. The integrated tool holder allows flexible tilt and rotation adjustment, while the scaled vertical axis and articulation support precise adjustment. A practical hose clamp ensures that the heating hose is kept safely away from the work area. Please note that the PCB holder and the heated hose set are not included.

- suitable for JT and TE heating hose sets
- Base plate is designed for PHS and PHSE underheaters
- various joints, which allow height and working position adjustment
- Tool holder enables tilt and rotation adjustment
- vertical axis as well as articulation are scaled
- Hose clamp keeps the heating hose away from the working area

- PCB holder and heating hose set are not included in the scope of delivery

Item no.	WL46053
Model	RWS-D
Manufacturer	JBC
Manufacturer article no.	RWS-D
GPSR manufacturer data	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
Length	270 mm
Width	410 mm
Height	386.5 mm
Length with packaging	474 mm
Width with packaging	368 mm
Height with packaging	195 mm
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
ESD compliant	no
