

Solder paste dispenser DPM-B, manual hand dispenser, black

JBC DPM-B: Precise dispensing of solder paste, adhesive, flux, etc. - perfect for SMT applications. Thanks to the ergonomic design, the contact point of the fingers is very close to the application point. This allows numerous media to be dispensed precisely. In addition, the DPM ensures an even supply of solder paste and exact dispensing, even with small and hard-to-reach components. This makes the JBC DPM-B manual dispenser ideal for working with multi-pole SMD components using hot air. A variety of straight and conical dispensing needles with different diameters as well as dispensing cartridges in different sizes are available.

- Ergonomic solder paste dispenser
- Precise dispensing of solder paste, adhesive, flux, etc.
- Ideal for soldering multi-pole SMD components with hot air
- Compatible with a wide range of needles and cartridges
- Can be used with 3 cm³ and 5 cm³ cartridges
- Please note: Solder paste and dispensing needles are not included

item number	WL46743
model	DPM-B
manufacturer	JBC
manufacturer item number	DPM-B
GPSR manufacturer information	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
length	130 mm
width	66 mm
height	16 mm
length with packaging	155 mm
width with packaging	55 mm
height with packaging	45 mm
scope of supply	1x DPM-B solder paste dispenser 2x SB03CC 3 cm ³ cartridge 2x SB05CC 5 cm ³ cartridge 2x plugs for 3 cm ³ cartridge 2x plugs for 5 cm ³ cartridge 4x cap 1x cartridge adapter for 3 cm ³ cartridges 1x instruction manual
order unit	1 piece
content unit	1 piece
Colour	black
ESD safe	no
