

ESD trousers, elasticated waistband, press stud, unisex, black, M

Our ESD trousers from SafeGuard are the ultimate solution to protect your sensitive electronic components from damage. With a typical discharge resistance of $10^6 - 10^7$ ohms, these trousers safely dissipate electrostatic discharges, preventing damage to your electronic devices and components. Made from a high-quality material mix of 74% cotton, 24% polyester and 2% carbon fiber, these black trousers not only offer optimum protection, but are also extremely comfortable to wear. The elasticated waistband ensures a perfect fit, while the rear pocket with ESD logo, the side pocket and the tool pocket on the leg combine functionality with style. Meet the requirements of DIN EN 61340-5-1 with our ESD trousers and rely on safety in every ESD zone (EPA).
