

EAL switch module, 1-phase, ON / OFF switch 16A, rocker switch with control lamp, 100x135 mm

Insert plates for electrical connection strips are indispensable components for switches with an output of 16 amps and a 2-pole configuration. These plates offer a convenient ON/OFF function and feature a rocker switch with integrated indicator light. Highly reliable, these insert plates ensure safe and efficient handling of electrical connections, while the highly visible indicator light shows the current switching status.
