Cartridge with stopper, black/white, 30 cm^3

Optimum® syringe barrels feature ZeroDraft™ walls with constant inside diameters that maintain an airtight seal with the plungers to ensure accurate and consistent fluid delivery. This eliminates the need to deal with unsightly blow-by, pressure fluctuations or contamination.
These syringe barrels provide complete light blockage for light sensitive fluids.

Item no.	**WL47111**
Model	7012149
Manufacturer	NORDSON EFD
Manufacturer article no.	7366052
GPSR manufacturer data	Nordson Deutschland GmbH Kapellenstraße 12 DE-85622 Feldkirchen www.nordson.com

Sales unit	1 piece
Content unit	1 piece
Colour	black
Size (dosing cartridge)	30 cm^3
ESD compliant	no
