

## ESD adhesive tape, transparent/red, 18mm x 36m, with ESD warning symbol

The ESD adhesive tape from Safeguard is specially designed for the ESD zone and helps prevent damage caused by electrostatic discharge to sensitive electronic components. The ESD warning symbol on the tape makes it immediately recognizable as an ESD protection product. With a length of 36 meters and a diameter of 76 mm, it fits perfectly on dispensers. The typical leakage resistance is between  $10^5$  -  $10^9$  ohms. The ESD adhesive tape is easy to apply and remove without leaving any residue. It is ideal for clean work areas and provides reliable electrostatic discharge protection. Safeguard's red/transparent ESD Tape is available in various widths.

- ESD adhesive tape, transparent/red
- with ESD warning symbol
- Surface resistance  $10^5 \sim 10^9$  Ohm
- W = 18 mm, L = 36 m, for dispenser D = 76 mm

item number	<b>WL47300</b>
model	SG-KB-TPRO
manufacturer	SAFEGUARD
manufacturer item number	SG-KB-TPRO-18X36M
length	36000 mm
width	18 mm
order unit	1 rolls
content unit	1 rolls
colour	transparent/red
colour manufacturer	transparent/red
Colour	red, transparent
diameter	76 mm
typical bleeder resistance	$10^5 - 10^9 \text{ Ohm}$
ESD safe	yes

## Other versions
