

ESD LED Magnifying lamp Green-Lite 7, 4 dpt. (2x), rectangular, blue

The Green-Lite® 7 Series from O.C. White offers energy-efficient performance and long life. User-controlled LED groups bring the desired light exactly where it is needed. Excellent dimming software via convenient, reliable membrane switches is also integrated.

- Reduced glare, heat and energy consumption
- Precision-ground, round optical 5" glass
- Magnifying glass, non-conductive
- 12 LEDs as standard consume only 8 watts
- Automatic switch-off after 4 hours
- Low voltage power supplies (15-24V) are automatically switchable with worldwide approvals
- 3-axis adjustable swivel arm
- High quality die-cast aluminium umbrellas & all-metal arms for ESD safety
- patented "Elite" arm is slim and has a high holding power

- Intuitive lighting control adjustable with 3 bank LEDs
- Die-cast aluminium construction

item number	WL47337
model	82400-4-SB
manufacturer	O.C. WHITE
manufacturer item number	82400-4-SB
order unit	1 piece
content unit	1 piece
colour manufacturer	spectre blue
Colour	blue
nominal power	8 W
voltage	240 V
dioptries	4 dpt
Lamp or magnifier type	Magnifying lamp
arm length	430 mm
dimnable	yes
magnification	2x
number of lamps	12
attachment	Table clamp
ESD safe	yes
