

ESD HD Video Microscope Super-Scope, 80x, Black

At the heart of the Super-Scope® ESD video microscope from O.C. White is the 5MP Hybrid HDMI/USB camera with integrated 12.1" LED screen. With full 1080 resolution (300dpi) for super detailed 'heads-up' viewing. This camera has onboard tools such as image and video capture, calibrated metering, split screen, live view and more! An 8GB SD card is included as standard for ease of transfer. This system features our exclusive varifocal lens technology that provides up to 80x magnification.

- Standard magnification range 1-40X (up to 80X with options)
- Variable focusing allows unlimited working distance
- 5MP Hybrid HDMI/USB camera with integrated 12.1" LCD monitor including Advanced Imaging & Measurement Software Suite
- AIMS includes on-screen wireless mouse controls for image/video capture, live vs. still image comparison, calibrated measurement, labeling, digital noise reduction
- 24" double ball bearing base; No light
