

## Stopper for cartridge, Optimum system, 5 cm<sup>3</sup>, white, PU = 1000 pieces

Molded from inert polyethylene, these patented SmoothFlow pistons are inserted into syringe barrels to prevent air tunneling of viscous fluids and to provide easier, safer handling of low viscosity liquids.

Item no.	<b>WL47520</b>
Model	7012173
Manufacturer	NORDSON EFD
Manufacturer article no.	7012173
GPSR manufacturer data	Nordson Deutschland GmbH Kapellenstraße 12 DE-85622 Feldkirchen <a href="http://www.nordson.com">www.nordson.com</a>

Sales unit	1 PU
Content unit	1000 piece
Material	Polyethylene (PE)
Size (dosing cartridge)	5 cm <sup>3</sup>
ESD compliant	no
