

DRV310 Base plate long with transmitted light cut-out for DRV

Description

Vision Engineering's DRV-Z1 digital microscope is not only the first widescreen 3D FHD digital microscope - this new technology also allows you to see, capture and share exactly the same 3D images across networks in real time. This creates entirely new opportunities for collaboration across distributed operations. Designed specifically for inspection and manufacturing applications, Vision Engineering's DRV-Z1 is a stereo zoom digital 3D viewing system that combines the benefits of optical stereo microscopy and digital technology in a single system.

Product details

item number	WL47542
manufacturer	VISION
manufacturer item number	DRV310
model	MECAM-UNI
order unit	piece
ESD safe	no
