

## Swivel arm with hand rest for PHSE Underheater

---

Discover the swivel arm with hand rest for the PHSE underheater, available at Weidinger.eu. This versatile swivel arm from JBC allows precise adjustment to different working positions to meet your individual requirements. The support point is strategically placed close to the work zone, which helps to stabilize the pulse rate. The height-adjustable design offers complete freedom of movement and can be combined with the JT/TE support arm if required. The robust base plate is specifically designed to work with the PHSE underheater and PHS-SA PCB holder, ensuring seamless integration into your working environment.

- allows you to adapt to different positions according to your work requirements
- Support point very close to the working zone, stabilization of the pulse frequency
- adjustable in height and allows complete freedom of movement
- can be coupled with the support arm JT/TE
- Base plate is designed for working with the PHSE underheater and the PHS-SA PCB holder

<b>Item no.</b>	<b>WL47617</b>
Model	RHS-A
Manufacturer	JBC
Manufacturer article no.	RHS-A
GPSR manufacturer data	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
Length	595 mm
Width	520 mm
Height	180 mm
Sales unit	1 set
Content unit	1 set
Incl. battery	no
