

Plug for cartridge beige, 5 cm³

Optimum® SmoothFlow™ pistons feature unique channels that prevent air entrapment while providing a smooth profile radius to reduce fluid shear. Precision wiping edges clean the syringe interior as fluid is dispensed, eliminating waste and residue.

- fit perfectly inside Optimum syringe barrels
- ensure uniform dispensing force
- prevent dripping and oozing between shots
- the components work as a system
- provide accurate, consistent fluid deposits
- Loose-fitting pistons are used with air-entrapped fluids.
