

Micro bit, Phillips PH0, 28 mm

The Micro-Bit 7001 PH0 x 28mm from Wiha is a precise Phillips bit for PH0 screws that has been specially developed for use in electronics manufacturing and precision mechanical work. Made from robust chrome vanadium steel, it combines high stability with durability and ensures repeatable, precise work results.

With a length of 28mm and compact dimensions of 5 x 4mm, the micro bit is ideal for use in tight component areas and enables controlled screwing and unscrewing of screws. The precise manufacturing ensures a secure fit in the screw and minimizes slipping or damage to sensitive components.

This tool is ideal for professional applications in the repair, assembly and maintenance of electronic assemblies, where efficiency and accuracy are equally important.

Item no.	WL48006
Model	7001 PH0 x 28 mm
Manufacturer	WIHA
Manufacturer article no.	7001-PH0X28
GPSR manufacturer data	Wiha Werkzeuge GmbH Obertalstraße 3-7 DE-78136 Schonach www.wiha.com
Length	28 mm
Width	5 mm
Height	4 mm
Sales unit	1 piece
Content unit	1 piece
Material	Chrome-vanadium steel

Incl. battery	no
Screw type	PH0
ESD compliant	no
Tool length	28 mm
