

Belt barrier post with 5 m of "ESD PROTECTED AREA" webbing, yellow, 96 cm

With the yellow belt barrier post, you can mark ESD protection zones quickly, clearly and professionally. The inscription "ESD PROTECTED AREA" draws attention to the protected area and helps to clearly demarcate sensitive work zones.

The barrier post is equipped with a 5 m long webbing strap and can be used flexibly to cordon off work areas. The sturdy cast iron base plate ensures a secure footing for everyday work. With a height of 96 cm, the barrier post is highly visible and ideal for production, warehouses, laboratories or electronics manufacturing.

- SafeGuard belt barrier post
- Color: yellow
