

ESD PROTECTED AREA" webbing cassette made of steel, 50 mm, 3.6 m

The "ESD PROTECTED AREA" steel strap cassette is ideal for safeguarding and marking work areas.

With a strap length of 3.6 m and a width of 50 mm, the area can be clearly demarcated. The imprint "ESD PROTECTED AREA" ensures clear marking.

The cassette is prepared for wall mounting, including bracket and fastening material, so that it can be installed quickly and easily.
