

## LED hand magnifier lamp OPTICLUX, 3.5 dp. ,without Wood light

---

The new OPTICLUX hand magnifier luminaire from Waldmann provides support for demanding visual tasks. This is ensured by the large dimmable light field in daylight quality, the excellent color rendering properties and the long battery life. Dermatologists and veterinarians can look forward to the powerful Wood light, which is available in addition to the daylight mode. But also users in other medical areas or in industry will find the new OPTICLUX hand magnifier light to make their everyday life easier.
