

Hygostar latex fingerling, white, powderfree, size L

Latex Fingerlings from Hygostar: The latex fingerlings from Hygostar are made of white, powder-free latex. Due to their smooth surface they have an excellent sense of touch. They are very elastic and have, just like gloves, a rolled edge which catches draining water drops. They can be put on particularly easily and quickly because they are rolled up individually. Latex finger cots are used in industry or in care, hygiene and cosmetic areas.

- Latex, powder free
- smooth, rolled, very elastic
- excellent sense of touch
- particularly easy and quick to tighten

Item no.	WL48996
Model	Hygostar-26713
Manufacturer	FRANZ MENSCH

Products for the electronic industry

Manufacturer article no.	26713
GPSR manufacturer data	Franz Mensch GmbH Werner-von-Siemens-Straße 2 DE-86807 Buchloe www.franz-mensch.de
Sales unit	1 PU
Content unit	100 piece
