

Hygostar latex glove MED GRIP, white, powderfree, size S

Latex glove Med Grip by Hygostar: The latex glove Med Grip by Hygostar: is a particularly skin-friendly glove. Due to the very low protein content measured according to the Lowry measuring method (DIN EN 455-3), the glove is very suitable for allergy sufferers. It only contains a latex protein concentration of less than 5 µg/g ! Due to the ideal combination of barrier properties and wall thickness there is an increased resistance to chemicals. The additional protective film on the removal opening ensures increased hygiene.

- disposable glove, 24 cm
- Latex, strong quality, powder-free, non-sterile
- very low protein content and therefore particularly skin-friendly and suitable for allergy sufferers
- optimum combination of wall thickness and barrier properties for greater resistance to chemicals
- very tear-resistant, high elasticity, very good tactile sensitivity
- textured surface for secure grip, with rolled edge
- extra hygienic due to the removal opening

- Dispenser box

Item no.	WL49017
Model	Hygostar-2676M
Model line	Hygostar Grip
Manufacturer	FRANZ MENSCH
Manufacturer article no.	2676M
GPSR manufacturer data	Franz Mensch GmbH Werner-von-Siemens-Straße 2 DE-86807 Buchloe www.franz-mensch.de
Sales unit	1 PU
Content unit	100 piece
Manufacturer colour information	white
