

Hygostar Synthetic Gloves ELASTIC powder free, white, size L

Vinyl gloves Elastic by Hygostar: The glove ELASTIC consists of a synthetic material. Therefore the glove is skin-friendly, latex-free and therefore suitable for allergy sufferers. And in terms of fit, grip and sense of touch it keeps up with latex. A perfect alternative to latex - and much cheaper. Important: Synthetic gloves are food safe and suitable for contact with food, as long as the food is not greasy. The disposable ELASTIC glove is therefore ideal for areas of chemistry, laboratories or for cleaning work. It is also very tear-resistant and therefore great for longer wearing times.

- disposable glove, 24 cm
- Synthetic, light quality, powder-free, non-sterile
- latex-free and therefore suitable for allergy sufferers
- very elastic, extremely tear-resistant, higher strength than latex
- Sensitivity, fit and grip like natural latex
- easy to put on, with rolled edge
- also suitable for longer wearing times
- not suitable for fatty foods, oils and partially oily foods

- Dispenser box

Item no.	WL49024
Model	Hygostar-26811
Model line	Hygostar Elastic
Manufacturer	FRANZ MENSCH
Manufacturer article no.	26811
GPSR manufacturer data	Franz Mensch GmbH Werner-von-Siemens-Straße 2 DE-86807 Buchloe www.franz-mensch.de
