Hygostar nitrile glove SAFE LIGHT, blue, size L, powderfree

Nitrile gloves Safe Light from Hygostar: These nitrile gloves are universally applicable, whether in medicine, food industry, catering or industry. As powder-free nitrile glove the Safe Light is especially skin-friendly, latex-free and therefore suitable for allergy sufferers. Ideal for all those who work long and frequently with disposable gloves. Optimal fit and a comfortable wearing comfort are guaranteed. The disposable glove can be worn as a protective glove against chemicals in industry and laboratories as well as a hygienic glove for the preparation of food. The nitrile glove SAFE LIGHT is food safe and certified without restrictions for handling food. Even working with oily or fatty foods such as meat, fish or cheese is possible. Furthermore, it can be worn as a disposable medical glove. It reliably protects against infections and is approved for handling cytostatic drugs. As a real all-rounder, the SAFE LIGHT can also be used as a protective glove in industry, as it is certified according to category CAT 3 of the PPE directive.
