

Hygostar overall SMS, white, cat.III, type 5+6, size XXL

The overall SMS consists of SMS material. SMS is a 3-layer material. It consists of one layer meltblown and two layers of polypropylene fleece. This means that the SMS has very good barrier properties. Furthermore, the SMS is breathable and waterproof. It is very suitable for chemical protection and for renovation work.

- SMS (Polypropylene, Meltblown, Polypropylene)
- very tight seams, with hood
- good barrier properties
- breathable, water repellent
