

## Hygostar surgical gown "High Risk", PE partially laminated, blue XL, 150x140 cm, closed neck band

---

Gown made of PP, PE partially laminated by Hygostar: This gown is an innovative combination of breathable and waterproof materials. The gown is made of soft PP fleece and therefore very air-permeable and comfortable to wear. The special thing: The front of the gown and the arms are coated with PE. Like an outer barrier, this lamination ensures that the entire front is sealed. Thus, the gown is waterproof from the front, tight against liquids. Partially laminated gowns are ideal for medical and other hygiene-sensitive areas. virus-proof material absolutely liquid-tight with closed neck band food-safe
