

## Hygostar polyamide ABS disposable socks, breathable, size 34-38

Disposable socks ANTI-SLUTCH by Hygostar: The anti-slip socks are made of 100% polyamide and have non-slip PVC nubs on the sole of the foot. They are extremely stretchy and skin-friendly and ensure a safe step even on wet floors. The disposable anti-slip socks are suitable for patients and nursing homes, but also for indoor playgrounds and sports halls.

- 100 % polyamide, white
- with non-slip PVC nubs on the sole
- confident appearance on smooth floors
- extremely stretchy and skin-friendly
