

Hygostar beard protector PP, white, 40x20cm, detectable

Beard protection PP fleece detectable by Hygostar: The beard protection made of polypropylene fleece has integrated detector strips on the outside. Thanks to the material the beard protection is air-permeable and therefore very comfortable to wear. It is HACCP and food compliant, which makes it suitable for use in many different industries.

- Polypropylene fleece
- with detector strips on the outside
- air-permeable and light
- with latex-free elastic band, very comfortable to wear

item number	WL49547
model	Hygostar-29161
manufacturer	FRANZ MENSCH
