

Hygostar beard protector PP, white, 46x20cm, with elastic band

The beard protection is made of a polypropylene fleece. It is very air-permeable and light. It is also very comfortable to wear, as it has a latex-free elastic band and is hardly noticeable to the wearer. The beard protection is not only used by beard wearers, but everywhere where particularly high demands are made on hygiene, such as in hospitals, in biochemistry and in sensitive production.

- Polypropylene fleece
- with latex-free elastic band
- extra large for long beards
- very air-permeable and soft
