

HygoClean disinfection wipe 20x20cm, blue, VOC-content 9% IPA, 200 pieces per dispenser

Soaked disinfection wipes - extremely effective and in a hygienic 2-pack dispenser The disinfection wipes are ideal for effective disinfection in food areas, medical areas and wherever contamination must be prevented quickly and easily. The disinfection wipes are pre-soaked. This means for you: You do not need any further wipes or disinfectants. The wipes are immediately ready for use because they are impregnated with a highly effective disinfectant solution. The solution is effective against gram-positive and gram-negative bacteria as well as salmonella, listeriosis, E. coli, TB, HIV and MRSA. Thanks to their high effectiveness, the pre-soaked wipes disinfect all hard surfaces, objects or small devices quickly and easily.

3-ply polypropylene (approx. 18 g/m²), available in blue & white does not stain off completely recyclable very tear-resistant does not fluff food safe very skin-friendly, wipes can also be used without gloves very economical, thanks to precisely dosed removal no unhealthy spray mist that can be inhaled, as is the case with spray disinfection

Effectiveness confirmed in accordance with EN 1276, EN 13624, EN 165, EN 1374 and EN 14476

inexpensive refill pack (Art. 31539) available
