

HygoClean alcohol-free rapid disinfection, 10 litres, for medicine / Curacid Medical Plus

Alcohol-free rapid disinfection Curacid® Medical Plus - ideal for the medical sector Ready to use and immediately effective: This disinfection solution is convincing due to its speed and extremely high effectiveness. As a surface disinfection, it is ideal for all medical areas. The disinfection solution is alcohol-free. Especially in hospitals and nursing homes, infection protection and germ stop have top priority. What is special about the wipe disinfection from Franz Mensch: The disinfectant solution has an active after-effect, the so-called remanence effect. This means that even after the disinfectant has evaporated, a film of active ingredients remains on the surface. In this way, new germs are killed and cannot even settle on the surface.

for wiping or as a foam for hygienic surface cleaning pleasant scent acts very quickly - after only one minute for all waterproof surfaces of medical devices, such as seats, patient couches, medical equipment, bathtubs or even sunbeds for all materials such as plastics, paints, ceramics, acrylic glass, etc.
