

## HygoClean foam cleaner containing chlorine, 20l/21,6kg, pH-value 12-13, containing chlorine, highly concentrated

Important information: This product is classified as dangerous goods. We transport dangerous goods only within the German-speaking countries and only to addresses which can be reached by rail or road. Please also refer to our General Terms and Conditions (Section V.1).

Chlorine-containing foam cleaner from HygoClean This highly concentrated, protein- and fat-dissolving foam cleaner has a very strong cleaning effect and even removes black mould. Due to its special foam technology it even adheres to vertical surfaces. Please note: the cleaner is only suitable for alkali- and chlorine-resistant surfaces.

Additional information: Made in Germany | pH-value: 12-13

- highly concentrated, strong cleaning effect
- adheres optimally to vertical surfaces thanks to special foam technology
- works automatically, removes black mould
- proteolytic

- Material protection (stainless steel, aluminium, chrome)
- for alkali- and chlorine-resistant surfaces in the food industry
- pH value 12-13
