

HygoClean acidic foam cleaner 20l, highly concentrated pH value 1, gentle on material, for LM range

Important information: This product is classified as a hazardous material. We transport dangerous goods only within the German-speaking countries and only to addresses accessible by rail or road. Please also refer to our General Terms and Conditions (Section V.1).

Acidic Foam Cleaner by HygoClean This highly concentrated acidic foam cleaner dissolves lime and grease and is strong against water, grease and rust deposits as well as urine scale. When diluted, it can also be used on aluminium, plastic, stainless steel, brass and chrome fittings as well as on glass, plexiglass, porcelain and acid-resistant enamel objects (e.g. tanks, piping, equipment). This acidic foam cleaner is perfectly suited for a large-area application with professional pressure foam sprayers.

Additional info: Made in Germany | pH value: 1

- lime and fat dissolving, strong against water, urine scale, fat and rust deposits
