

HygoClean smoke resin solvent, 10L/13,2kg, highly concentrated, pH-value 12-14, against extreme soiling

Important information: This product is classified as a hazardous material. We transport dangerous goods only within the German-speaking countries and only to addresses accessible by rail or road. Please also refer to our General Terms and Conditions (Section V.1).

Smoke Resin Solvent by HygoClean The smoke resin solvent, which is ideally suited to combat extreme soiling and fat incrustations, reliably cleans grills, ovens, sausage boilers, smoke chambers, roasting systems and convection ovens. It is highly effective and suitable for the food sector. When diluted, it can also be used for alkali-resistant surfaces, such as stainless steel, polyethylene, rigid PVC or polypropylene.

Additional information: Made in Germany | pH-value: 12-14
