

HygoClean neutral rinse aid for dishwashers, 10l, pH-value 7, gentle to the decor, low-foaming

Neutral Clear Rinsing Agent by Hygoclean The Dishwasher Clear Rinsing Agent is perfectly suitable for systems with osmosis water. It gives all types of dishes a brilliant shine and is gentle on the decor. The rinse aid is very low-foaming and dries by itself. However, it is only suitable to a limited extent for hard or very salty water. Additional information: pH-value: 7 | made in germany

- pH value 7, ideal for systems with osmosis water
- conditionally suitable for very hard or salty water
- dries automatically and protects the decor
- gives your dishes a clean shine
- low-foaming, especially protective
- for every wash ware like glass, porcelain, plastic, stainless steel or aluminium
