

5-finger welding glove WELDSTAR leather, grey, 35cm, size XL

Heat protection glove Weldstar by Hygostar: The welding glove WELDSTAR is made of full leather in the palm area, but the back of the hand and the cuff are made of split leather. The glove is very durable, highly tear-resistant and very dimensionally stable due to its welt seams. Due to its soft leather it has a high grip and a high wearing comfort. The WELDSTAR has a high heat resistance and due to its long cuff the forearm and pulse are also protected. The heat protection glove is suitable for all welding, metal forming and sheet metal work and a contact heat of up to 100°C.

- Heat protection glove with high wearing comfort
- very tearproof and resistant
- very sensitive, secure grip due to soft leather
- Seams are welting for more form stability
- extra long with cuff as pulse protection
- very heat-resistant
- approx. 35cm long
- for all sheet metal work, metal forming and welding

- Contact heat up to 100 degrees

Item no.	WL49859
Model	33190
Model line	Weldstar
Manufacturer	FRANZ MENSCH
Manufacturer article no.	33190
GPSR manufacturer data	Franz Mensch GmbH Werner-von-Siemens-Straße 2 DE-86807 Buchloe www.franz-mensch.de
Sales unit	1 pair
Content unit	1 pair
Manufacturer colour information	grey
Colour	grey
Incl. battery	no
Type of gloves	long finger gloves
Material of the gloves	leather
Length of glove(s)	35 cm
Glove size	XL
Coating	without coating
Nubs	no
Properties	slip-proof, tearproof
Heat protection	yes
ESD compliant	no
