

## Hygostar fine knitted gloves Gripper Garden, nylon grey, size XL/10, green PVC-nubs

Work glove GRIPPER by Hygostar: This work glove convinces especially by its grip and elasticity. Two characteristics that make a good industrial glove. The glove consists of a nylon fine knit. This high-quality material ensures a first-class fit. Nylon adapts to every movement of your hands and feels very comfortable on the skin. In addition, the GRIPPER work glove is equipped with small nubs on the inside of the hand and fingers. The glove thus offers a secure grip - for precise work even on slippery objects. The GRIPPER is particularly well suited for use as work gloves in agriculture, industry, storage work, assembly, DIY and gardening.

- nylon fine knit with green PVC knobs on palm and fingers
- good fit
- good tactile sensitivity
- handy

item number	WL49890
