

Hygostar cold protection glove WINTER STAR latex coating, yellow/black, size M

Cold protection gloves Winter Star from Hygostar: The thermo gloves WINTER STAR keep the hands warm and offer a good mechanical protection in daily use. Thanks to a firm latex coating on the palm, the cold protection glove is extremely tear-resistant and protects against abrasion, cuts and stings (EN 388).

- Cold protection glove
- Terry loops, shrink napped latex coating on palm and fingertips
- seamless, warming lining
- moisture repellent in the palm
- good sense of touch
