

## Cold protection glove WET PROTECT WINTER, double blue latex coating, size M

---

Cold protection glove Wet Protect Winter by Hygostar: The cold protection glove Wet Protect Winter consists of seamless nylon fine knit and is therefore especially elastic and breathable. A full latex coating ensures good abrasion resistance and an excellent wet and dry grip. The cold protection glove also has cut protection class 4 and fits perfectly to the hand.

- elastic, breathable, seamless nylon fine-knit
- warming acrylic teddy lining
- smooth latex coating
- additional palm and fingertips with sanded latex coating
- very good abrasion resistance, best wet and dry grip
- very good cut resistance (class 4), good fit, high wearing comfort
