

Hygostar finger prick protection glove with cuff 20cm, size XL

Stinging protection gloves with 20cm cuff from Hygostar: The stinging protection glove is made of a mesh of stainless steel rings with a diameter of 4 mm. A cuff of 20cm length provides increased protection for the forearm. The press stud ensures an individual fit. The glove can be worn on the right as well as on the left side. In addition, a quick removal is possible. Due to the stainless steel rings it is easy to clean and therefore very hygienic. Furthermore the glove is suitable for handling food. Note: The glove tensioner is not included in delivery.

- Stainless steel ring mesh, 20cm with cuff
- very robust and hygienic
- light and comfortable
- proven push-button technology for an exact fit and quick exit in an emergency
- simple changeover from left to right - without tools - ideal for the food industry
