

## Hygostar heat cut glove CUT HOT, food safe, one size fits all

Cut Hot cut protection glove from Hygostar: The cut protection glove consists of a cut-resistant special fibre. The material has a reliable heat protection against temperatures up to 500°C. Thanks to the anti-slip strips on both sides, the glove has excellent slip resistance. The glove is machine washable and can be worn on both sides.

- cut-resistant special fibre, knitted
- reliable protection against cuts and heat, heat resistant up to 500°C
- food safe
- non-slip strips on both sides, soft lining
