Hygostar cut resistant glove, white, size L/9 glass fibre core, 10 gauge, food safe

Cut protection gloves Allfood Basic by Hygostar: Cut protection glove Allfood Basic is made of synthetic high performance fibres in a fine knitting method. It has a very good cut resistance (cut protection class 5). The cut protection glove has very good tactile properties and a great grip. This makes the glove very well suited as protection for the knife-holding hand, because you can grip the knife firmly and do not slip off. Its wearing comfort is also very high, because it is light and comfortable to wear. The cut protection glove can be washed at up to 95°C and is very durable. The cut protection glove, which can be worn on both hands, is especially suitable for the production of food.

- fine, synthetic high-performance fibres, very dense knitting
- fits like a second skin
- unmatched tactile feedback
- can be worn left and right, suitable as protection for the knife-holding hand
- food safe
