

Hygostar cut protection glove CUT SAFE PU coating, grey, size XS

Cut protection gloves Cut Safe by Hygostar: The cut protection glove CUT SAFE is knitted from a special fibre and has a coating of black polyethylene on the palm and fingertips. This coating makes the glove very resistant to abrasion and ensures a secure grip on dry and slightly oily parts. Furthermore, the CUT SAFE is resistant to contact heat of up to 100°C and has the highest level of cut protection (class 5). The glove is breathable and therefore has an excellent wearing comfort. The CUT SAFE is suitable for the metal and glass industry, the production of automobiles and electronic devices and for other work with sharp-edged objects.
