

Hygostar arm cuff, 45cm, blue, food safe, washable, one size fits all

Cut protection cuff Allfood Lebensmittel by Hygostar: The cut protection cuff Allfood Lebensmittel consists of a particularly cut-resistant fibre, which is reinforced by steel fibres. The cuff is permanently antimicrobial and contains no glass fibres, which prevents skin irritations. The elastic upper edge prevents the cuff from slipping up and the seamless knitting means that the arm cuff fits very tightly. The cut protection arm cuff Allfood Lebensmittel is washable up to 92°C and suitable for contact with food. The light arm cut protection can be combined with the hand cut protection allfood food. Properties of the cut protection cuff Allfood Food at a glance

particularly cut-resistant fibre reinforced with steel fibre permanently antimicrobial without glass fibre to prevent skin irritation elastic upper edge to prevent slipping up washable up to 92°C food safe
