

## Nylon fine knitted glove ERGOFLEX DOUBLE DIPPED double nitrile coating blue-black, size XL

Work gloves Ergoflex Double Dipped by Hygostar: The glove Ergoflex Double Dipped is made of a nylon fine knit with a polyurethane coating on palms and fingers. The material is very thin, which gives the glove excellent tactile sensitivity and yet is very abrasion-resistant. In addition, it is very comfortable to wear because of its anatomical fit. The Ergoflex Double Dipped work glove is also suitable for allergy sufferers as it is made of silicone-free materials. Furthermore, the nylon fine knit glove Ergoflex Double Dipped is washable. The Ergoflex Double Dipped glove is particularly suitable for assembly work.

- Highly elastic seamless nylon-elastane fine knit
- With double nitrile coating:
  - 1st layer waterproof, 3/4 dipped in blue
  - 2. layer palm and fingertips with black foamed nitrile
- high abrasion resistance, safe wet and dry grip
- good fit, elastic knitted cuff, pleasant wearing comfort
